

## CHEF APPLICATION

IDCC is working with 60 California Interior Designers to create a phenomenal cookbook named “Taste” to be sold in big box retail stores, gift shops, book stores, and kitchen speciality shops. This cookbook will include the designer’s designed space of a kitchen, dining room, outdoor dining area, or tabletop along with a favorite recipe.

IDCC invites you to become a part of this cookbook as a renowned chef in California, at absolutely no cost to you. One page will be provided for a head shot, a recipe, a kitchen, or food preparation area with content of your choice. This content maybe of your accomplishments, interest in the culinary arts, food preparation or restaurant.

A complimentary copy of “Taste” will be provided.

To take advantage of this opportunity or for more information about IDCC or the cookbook contact: Adriel Cogdal at [fundraising@idc-ca.org](mailto:fundraising@idc-ca.org).

### July 1, 2011
